1 000	INITIAL COMMENTS This licensure survey was conducted from October 1, 2008 through October 2, 2008. Four female residents with varying degrees of disabilities reside in this Group Home for Mental Retardation Persons (GHMRP). Two of the four residents were randomly selected for the sample. The findings of the survey were based on observations at the group home, interviews with the residents, management and direct care staff working in the residence and the review of the habilitation and administrative records including the facility's incident management system.	1 000	<i>Received 11/5/08</i> GOVERNMENT OF THE DISTRICT OF COLUMBIA DEPARTMENT OF HEALTH HEALTH REGULATION ADMINISTRATION 825 NORTH CAPITOL ST., N.E., 2ND FLOOR WASHINGTON, D.C. 20002		
1 090	3504.1 HOUSEKEEPING The interior and exterior of each GHMRP shall be maintained in a safe, clean, orderly, attractive, and sanitary manner and be free of accumulations of dirt, rubbish, and objectionable odors. This Statute is not met as evidenced by: Based on observation, the GHMRP failed to ensure the interior and exterior of the GHMRP was maintained in a safe, clean, orderly, attractive, and sanitary manner. The findings include: Internal 1. A large hole was observed in the cement wall next to the basement exit door. 2. A large hole was observed in the wall in the furnace room.	1 090			
			3504.1 1. The hole in the wall near the basement exit will be repaired by... 11-15-08. 2. The hole in the furnace room wall will be repaired by... 11-15-08 3. The basement storage area will be cleaned by 11-1-08 It will be cleaned on a routine weekly basis thereafter. The facility manager will check the area willing during environmental audits to insure consistent follow up. The facility manager will audit the overall physical environment weekly and report all repair issues to the Program Assistant for follow up... 11-1-08.

1090	Continued From page 1 3. The basement storage closet was observed to have cob webs in the ceiling, dirt on the shelving and was very dusty. This closet was being used to store the client seasonal clothing and other items. External The rear stairs leading from the basement was covered with leaves and debris. The drain located at the bottom of the outside stairs was covered with a large piece of wood.	1090			
1095	3504.6 HOUSEKEEPING Each poison and caustic agent shall be stored in a locked cabinet and shall be out of direct reach of each resident. This Statute is not met as evidenced by: Based on observation the GHMRP failed to ensure caustic agents were stored in a locked area. The finding includes: Observations during the environmental walk-through on 10/2/08 at approximately 1:40 PM, revealed a variety of caustic agents (Hand soap, detergent and cleaner etc...) were being stored on a shelf located in the basement laundry room. There was no evidence the aforementioned items were maintained as required.	1095	3504.6 The items mentioned were properly locked away on the survey date after the surveyor pointed them out. The Executive Director has met with the facility manager and QMRP to reinforce the need to insure that such materials are consistently stored in the designated locked area when they are not being used. The facility manager will check for compliance during routine weekly environmental audits... 11-4-08.
